

No	Name	Surname	Institution	Article Title
1	Irem	Talaslı	The Central Bank of Republic of Turkey	Asymmetric Interest Rate Corridor and Demand for Excess Reserves
	Anıl	Talaslı	The Central Bank of Republic of Turkey	Asymmetric Interest Rate Corridor and Demand for Excess Reserves
2	Zeynep	Cobandag	Management Engineering , Istanbul Technical University	A Comparison of Effective Bid-Ask Spread Proxies: Evidence from Borsa Istanbul Futures
	Cumhur	Ekinci	Management Engineering , Istanbul Technical University	A Comparison of Effective Bid-Ask Spread Proxies: Evidence from Borsa Istanbul Futures
3	Serap	Ergun	Technical Education Faculty, Suleyman Demirel University	A Game Theoretical Approach to Crypto Cloud Computing and Its Economical and Financial Aspects
	Sirma Zeynep	Alparslan Gok	Mathematics, Faculty of Arts and Sciences, Suleyman Demirel University	A Game Theoretical Approach to Crypto Cloud Computing and Its Economical and Financial Aspects
	Barış Bülent	Kırlar	Department of Mathematics, Suleyman Demirel University	A Game Theoretical Approach to Crypto Cloud Computing and Its Economical and Financial Aspects
	Gerhard-Wilhelm	Weber	Institute of Applied Mathematics, Middle East Technical University	A Game Theoretical Approach to Crypto Cloud Computing and Its Economical and Financial Aspects
4	Mohamed	Kharrat	Department of Mathematics, FS Sfax -Tunisia	A General Expression of the Price of an American Options Using Malliavin Derivative
5	Berk	Orbay	Industrial Engineering, Bogazici University	A Model Selection Method for Option Pricing
	Refik	Gullu	Industrial Engineering Department, Bogazici University	A Model Selection Method for Option Pricing
	Wolfgang	Hörmann	Industrial Engineering, Bogazici University	A Model Selection Method for Option Pricing
6	Güray	Kara	Institute of Applied Mathematics, Financial Mathematics, Middle East Technical University	A Risk Assessment and Measurement Approach on the Procurement Analysis of Copper Markets
	Ezgi	Lindenmayr	Freiburg University	A Risk Assessment and Measurement Approach on the Procurement Analysis of Copper Markets
	A. Sevtaç	Selçuk Kestel	Institute of Applied Mathematics, Actuarial Sciences, Middle East Technical University	A Risk Assessment and Measurement Approach on the Procurement Analysis of Copper Markets
7	Heidi	Raubenheimer	Business School, University of Stellenbosch	A Simulation Study to Quantify the Impact of Long-only Investment in a Concentrated Market with Varying Cross-sectional Variation (CSV)
8	David	Stack	Dynamic Commodity Trading, ESCP Europe	A Stepwise Framework to Assess CTRM (Commodity Trading and Risk Management) Opportunities - Specifically LNG - in Turkey's Gas Hub through 2025.
9	Silvia	Pastorekova	VSB-Technical University of Ostrava	Can Implied Volatility Index Help to Predict Euro Stoxx 50 Index?
10	Armagan	Ozbilge	Business Administration / Financial Mathematics, Hacettepe University / Middle East Technical University	Comparison of Momentum and Mean Reversion Effects in Distinct Markets
	Yeliz Yolcu	Okur	Institute of Applied Mathematics, Financial Mathematics, Middle East Technical University	Comparison of Momentum and Mean Reversion Effects in Distinct Markets
	Korhan	Nazliben	ASIS/ International Financial Management , Avans University of Applied Sciences	Comparison of Momentum and Mean Reversion Effects in Distinct Markets
11	Bilgi	Yilmaz	Institute of Applied Mathematics, Financial Mathematics, Middle East Technical University	Computation of Malliavin Greeks in Hybrid Stochastic Volatility Models
	Yeliz Yolcu	Okur	Institute of Applied Mathematics, Financial Mathematics, Middle East Technical University	Computation of Malliavin Greeks in Hybrid Stochastic Volatility Models
12	Amel	Laouar	Operational Research, Faculty of Mathematics, USTHB	Coupled Reserve Processes: Simulation and Analysis of Parametric Dependence
	Kamal	Boukhetala	Operational Research, Faculty of Mathematics, USTHB	Coupled Reserve Processes: Simulation and Analysis of Parametric Dependence
	Rchid	Sabre	LeZi, AgroSup	Coupled Reserve Processes: Simulation and Analysis of Parametric Dependence
13	Markku	Kallio	Aalto University School of Business	Currency Hedging for a Multi-National Firm
	Rudan	Wang	Department of Economics, University of Bath	Currency Hedging for a Multi-National Firm
	Matti	Koivu	Nordic Investment Bank	Currency Hedging for a Multi-National Firm
14	Buzra	Yaşar	Department of Business Administration, TED University	Determinants of Implied Volatility Slope of S&P 500 Options
	Mustafa	Onan	TUSIAD	Determinants of Implied Volatility Slope of S&P 500 Options
	Aslıhan	Salih	Faculty of Business Administration, Bilkent University	Determinants of Implied Volatility Slope of S&P 500 Options
15	Dilek	Aydoğan	Institute of Applied Mathematics, Financial Mathematics, Middle East Technical University	Determination of Inflation Rate in a HMM Framework: the Case of Turkey
	A. Sevtaç	Selçuk Kestel	Institute of Applied Mathematics, Actuarial Sciences, Middle East Technical University	Determination of Inflation Rate in a HMM Framework: the Case of Turkey
	Yeliz Yolcu	Okur	Institute of Applied Mathematics, Financial Mathematics, Middle East Technical University	Determination of Inflation Rate in a HMM Framework: the Case of Turkey
16	Sercan	Demiralay	Department of International Finance, Yeditepe University	Do Commodities Really Provide Diversification Benefits?
	Hatice Gaye	Gencer	Business Administration, Yeditepe University	Do Commodities Really Provide Diversification Benefits?
	Selçuk	Bayracı	International Finance, Yeditepe University	Do Commodities Really Provide Diversification Benefits?
17	Erkan	Kalaycı	METU, IEU, Enerjisa	Effective Risk Measures and Derivatives Pricing in Illiquid Electricity Markets with "Random" Events
	Alper	İnkaya	Middle East Technical University, Institute of Applied Mathematics	Effective Risk Measures and Derivatives Pricing in Illiquid Electricity Markets with "Random" Events
	Gerhard-Wilhelm	Weber	Middle East Technical University, Institute of Applied Mathematics	Effective Risk Measures and Derivatives Pricing in Illiquid Electricity Markets with "Random" Events
18	Seza	Danisoglu	Department of Business Administration, Middle East Technical University (METU)	Effectiveness of Price Limits in Controlling Daily Stock Price Volatility
	Nuray	Güner	Department of Business Administration, Middle East Technical University (METU)	Effectiveness of Price Limits in Controlling Daily Stock Price Volatility
19	Ismail	Baçoğlu	Department of International Logistics Management, Istanbul Kemerburgaz University	Efficient Simulations for a Bernoulli Mixture Model of Portfolio Credit Risk
	Wolfgang	Hörmann	Industrial Engineering, Bogazici University	Efficient Simulations for a Bernoulli Mixture Model of Portfolio Credit Risk
	Halis	Sak	Department of Mathematical Sciences, Xi'an Jiaotong-Liverpool University	Efficient Simulations for a Bernoulli Mixture Model of Portfolio Credit Risk
